What would you do with this material if this program were not available? Please select below  
Burn it  Leave on property  Chip  Other (specify)

Do you want to keep the chips? No  Yes  and I will spread them promptly

I have completed the requirements on the announcement flyer and agree to allow the Fire District's private contractor admittance onto my property in order to access the pile for chipping. I understand that the material will be chipped back onto my property. I understand that the Fire District provides this service through contracts with private chipping companies. The contractor has final authority to determine if a pile is suitable for chipping. I understand that if the pile is not prepared per the checklist, it will not be chipped. Fire District provides the contractors with a preferred weekly schedule, but final decisions for scheduling of chipping are made by the contractor. In addition, I will comply with the chipping crews' decisions as to where chipped material is deposited because safety is their foremost concern. I will not make any attempt to load brush into the chipping machine. I understand that all work will be halted if this attempt is made. I understand that Fire District is not obligated to perform this service and that Fire District is not liable for its failure to perform this service or for the negligent performance of this service. I have read, and agree to the statement above.

Signature \_\_\_\_\_ Date \_\_\_\_\_

Note: Your property may be located where there are federally listed species. It is the your responsibility to contact the US Fish and Wildlife Service to determine if a Section 10 Incidental Take Permit is required prior to conducting fuel reduction activities on your property.
