----- PROPERTY OWNER RELEASE FORM -----

I am the owner of the property at (Address) _____.

I have seen the Defensible Space requirements, and I agree to allow the Fire District's private contractor admittance onto my property in order to remove vegetation for defensible space.

I understand the material will be stacked for chipping or removal. I understand that the Fire District provides this service through contracts with private companies or other agencies. Fire District provides the contractors with a preferred weekly schedule, but final decisions for scheduling work are made by the contractor. In addition, I will comply with the contractor's decisions as to where vegetation is stacked for chipping or removal, and that safety is their foremost concern. I understand that Fire District is not obligated to perform this service and that Fire District is not liable for its failure to perform this service or for the negligent performance of this service. I have read, and agree to the statement above.

Signature _____ Date _____

Note: Your property may be located where there are federally listed species. It is the your responsibility to contact the US Fish and Wildlife Service to determine if a Section 10 Incidental Take Permit is required prior to conducting fuel reduction activities on your property.
