PRESENTATION OF PRELIMINARY FY 2011-12 BUDGET PROPOSAL:

Chief Louder expressed that the District continues to face unprecedented financial challenges due to the economic downturn. The organization has been restructured and downsized in an attempt to achieve a balanced budget while minimizing the impact on emergency response activities. We will continue to pursue possible new sources of revenue and explore all possible options in an effort to maintain critical public safety service levels. Chief Louder stressed that the budget adoption and adjustment process will likely be dynamic. The budget proposal will be presented to the District’s Board of Directors at their April 12, 2011 meeting. Final budget adoption is slated for May 3rd.
Jackie Lorrekovich, Chief of Administrative Services, was present to give an overview of and answer questions regarding the District’s Proposed FY 2011-12 budget. The General Fund 7300 Preliminary Budget for FY 2011-12 is $99,948,587 ($86,914,480 in estimated revenue with an estimated $7,034,107 from General Fund Reserves and $6,000,000 from Stabilization Fund). She noted that the very recent awarding of a SAFER grant has already revised projected figures. A copy of revised budget will be made available to the Commission at their April 11, 2011 meeting. A general discussion of revenue and expenditure items followed.

Commissioner Haynes made a motion to adopt the proposed budget as presented. The motion was seconded by Commissioner Fields. All in favor, motion passed.

CONSENT ITEMS:

DECEMBER 13, 2010 MEETING MINUTES:

Commissioner Haynes made a motion to approve the December 13, 2010 meeting minutes as written. Motion was seconded by Commissioner Delcollo. All in favor, motion carried.

ACCEPT AND FILE REPORTS:

After review, the reports listed below were accepted and filed.

- Acct. #4900 – Underground Draft Pit – Status of this project was requested. Jackie Lorrekovich will check with Logistics Manager and Facilities Manager. Commission’s concern is whether these funds should be expended at this time. Chief Louder noted that all expenditures are being closely monitored and we are being very prudent with all spending.

- Commissioner Haynes requested that Chief Broschard provide him with a copy of the Bureau’s Strategic Plan.

Incident Summary Reports – Reviewed/discussed December 2010/January 2011 reports. Additional comments:
- December - Commissioner Cunningham gave special mention to Stations 1, 6, 69 and 81 for meeting or exceeding their turn-out time goal for the month.
- January - Commissioner Cunningham gave special mention to Station 6 for meeting or exceeding their turn-out time goal for the month.
- Commissioner Fields again expressed interest in knowing actual “time on task” in order to actually reflect crew’s true workload.
Suppression Leave Summary - Reviewed/discussed November/December 2010 reports.

Correspondence – Reviewed.
• 12/14/10 Letter - Commissioner Haynes questioned the dispatch of a unit and personnel to a line-of-duty death memorial ceremony in Southern California in view of current economic difficulties. Chief Louder believes that the staff attending was voluntary and that a reserve unit was used. This type of response is generally reciprocal amongst departments that suffer line-of-duty deaths of personnel. He will check into this further.

Commissioner Cunningham made a motion to accept the file reports as written, seconded by Commissioner Fields. All in favor, motion carried.

Additional comments:
• Potential Parcel Tax/Benefit Assessment Tax Measure – A briefing on public opinion polling by SCI Consulting will take place at Board of Supervisors Workshop on April 5, 2011 at 1:00 p.m.
• Correction: FY 2011/12 budget deficit should be noted as $7.5 million, not $5.5 million.
• Proposed Cost Recovery Ordinance – County Counsel has recommended that ordinance be written as all inclusive and the District should develop internal policy controls as to its application.
